

2021 Integrated Energy Policy Report Schedule

Below is a listing of business meetings during which the California Energy Commission will consider adopting the 2021 Integrated Energy Policy Report (2021 IEPR). IEPR workshops are planned to be held remotely at least through August 2021, consistent with Executive Orders N-25-20 and N-29-20 and the recommendations from the California Department of Public Health to encourage physical distancing to slow the spread of COVID-19. Dates, workshop titles, and venue (remote or hosted in person) are subject to change. Additional workshops may be added.

Updated at noon 6/11/21

June

- 6.22 – Building Decarbonization (BD): Equipment, Technology, and Supply Chain
- 6.30 – BD: Consumer Readiness, Costs, and Challenges

July

- 7.8 – Energy Reliability, Joint Agency with CPUC and California ISO
- 7.9 – Energy Reliability, Joint Agency with CPUC and California ISO
- 7.12 – BD: Financing, HALF DAY 1pm – 5pm
- 7.13 – BD: Equity and Workforce
- 7.28 – Hydrogen
- 7.30 – Transportation Benefits Report

August

- 8.3 – Decarbonization and Energy Efficiency in Industry and Agriculture
- 8.5 – Demand Forecast: Inputs and Assumptions
- 8.24 – BD: The Role of Energy Efficiency in a Carbon Free World
- 8.26 – BD: Refrigerants
- 8.30 – Gas Price & Demand Forecasts (presentation of CEC gas price forecast & review of gas utility demand forecasts), HALF DAY 1pm – 5pm
- 8.31 – Renewable Gas Opportunities: Resource Availability and Future Costs

September

- 9.10 – BD: Advances in Existing Building Upgrades and Quality Installation

October

- TBD – Energy Efficiency Doubling Goal (SB 350)

December

- 12.2 – Electricity Demand Forecast
- 12.16 – Long-Term Energy Demand Scenarios
